Fun Olympic Facts

- Colorado is the only state in history, to turn down the Olympics. In 1976 the Winter Olympics were planned to be held in Denver.
- The five interlocking rings of the Olympic flag symbolize the five continents of the world (Africa, Asia, Australia, Europe, and the Americas) "linked together in friendship."
- And you thought they just used a match. Did you know that traditionally the Olympic flame in Olympia, Greece is rekindled every two years using the sun's rays and a concave reflective mirror?

The Barth Hotel residents and staff love the Broncos! Maybe next year!

Do you know someone who would like to volunteer?

We'd love to have you! We currently are accepting applications for volunteers from the local community.
Please contact us today!

Valentine's Day Party

On February 14th at 2PM, The Barth Hotel will be throwing a Valentine's Day Party. We will be having a chocolate fountain and various snack available. But what is a party with out a little music? The Barth Hotel's Dietary Director, Sam, will be providing his DJ skills for the party.

Congratulations to The Barth for a Deficiency Free Health Survey in 2013!!

Culture Change at The Barth

Senior Housing Options was contacted about participating in a new CCCC pilot program funded by The Colorado Health Foundation to provide technical assistance to Assisted Livings with a high concentration of Medicaid residents to promote culture change practices. The pilot includes: having regular team meetings including staff and resident members, educational sessions with staff on topics pertinent to the project, collaborative workshops with the other Assisted Living participants, completing a survey of residents called The Well-being Assessment Tool, attending educational forums, and getting the pleasure of working with Carmen Bowman, the lead consultant and resident-centered care guru and Penny Cook, Executive Director of the CCCC. This project will end in November of 2014. SHO is excited to be a part of this dynamic process and continue it's work in person-centered care.

The Colorado Culture Change Coalition is a community of people dedicated to changing the culture of care provision in our current health care environments. They work with individuals and organizations to implement person-centered models of care across the care continuum.
