

CINNAMON PARK NEWS

March 2017

[March Calendar Link](#)

Check out our March calendar of events.

Cinnamon Park is unique and special in so many ways, including the way the buildings were designed. We have four 2-bedroom apartments on the second floor and we rent them to our staff. Currently all our staff/tenants have young children.

We have found this diversity in age very enjoyable, watching the friendships form between the children and the residents. To celebrate and recognize our sweet children, we decided to host a party in their honor.

The party was fun- we watched the kids play classic games like, Pin the tail on the donkey. They peeled a banana with their feet and things got even messier when they found the silly string in their party bags. We love our kids!

Do you like outdoor gardening? We have a work day scheduled on Saturday, March 25th to begin the reshaping of our outdoor garden spaces. We are fortunate to have a team, *Father's in the Field*, who have volunteered to help us that day. If you would like to join us, please contact Jennifer Vaughan, our Activity Coordinator. Our work day is 9am to 4pm, but volunteers can work whatever time fits their personal schedule. [Click Here](#) to sign up!
