Longest Residing Resident-Peg Scholl

Ellen Nadine “Peg” Scholl came to live at Cliffview in October of 2002 and is our longest residing resident. She was born in Hastings, Nebraska on January 18, 1915 and attended high school in Limon, CO. Some of Peg’s fondest memories as a child were horseback riding and chasing squirrels in the country.

County. Peg was a member of the Kremmling School Board for many years and was also active in Home Demonstration Club and

reside on the family ranch. She has 6 grandchildren, 16 great-grandchildren and 3 great-great grandchildren and she enjoys watching their activities.

While living at Cliffview Peg has grown to enjoy many activities. One of her favorite is listening to music of any kind but Country & Western is her first choice. She loves root beer floats as an afternoon treat and enjoys to go for van rides in the country and over mountain passes to see the sites. We salute Peg for her tenacity and good spirits.

Peg met her husband, Robert Scholl and soon after they were married and lived in the Company Place on Williams Fork where they raised the first wheat crop grown in Grand

the Grand County Senior Association. Peg and Robert had two sons, Duane and Darwin who continue to ranch in the Kremmling area and

From the Desk of the Administrator

Welcome back to the almost monthly newsletter!

Hi, my name is Jeff Pexton and I have been the administrator of Cliffview now for almost one year . It has been a fast moving year for me to say the least. I can honestly tell you that it has been truly heartwarming to work with all the residents and families at Cliffview. You are always welcome to stop by with any concerns, questions or to just visit and say Hi.

Survey Results In

In an effort to continually improve our services, we distributed satisfaction surveys to both residents and their families this summer. Overall categories included activities, care providers, meals, resident rooms, facility, management, personal issues, and family involvement. Each area was ranked on a scale of 1 (very poor) to 5 (very good).

The overall rating received was 4.64 from residents and 4.33 from families.

The likelihood of recommending our services was 4.45 from residents and 4.62 from families. Residents rated 4 (good) and above in all 38 questions of the survey. This is truly a marker of success!

One area identified for improvement was activities. Amy Cordova (the new Activity Director) will be working on soliciting additional feedback to provide some guidance in changing the program to better meet our resident’s needs.

We consider the feedback from our surveys an important tool in improving the quality of our services and we thank everyone who participated this year!
