Barth Hotel is closing its doors

Due to the age and condition of the Barth facility, it has become inefficient and is no longer fiscally sustainable to maintain. It is no longer providing a healthy and safe environment for our residents.

We have strategically decided to re-position our organization by closing the Barth and focusing on our long-term goals to ensure sustainability for the broader organization.

We will continue to provide safe and caring housing and services to our residents and focus on our mission and vision.

While the Barth Hotel Assisted Living is considered a cornerstone of SHO, it is not our only community. Give today to help us meet the needs of our five affordable housing and four assisted living communities to further our organizational mission of providing residential communities and caring services to enrich the lives of older adults in Colorado.
